

# Mapleton City Planning Commission Staff Report

Meeting Date: March 25, 2010

**Item:** 4

**Applicant:** Mapleton City

**Prepared by:** Matt Brady

**Council Action Required:** Yes

## **REQUEST**

*(Continued 3-11-10)* Mapleton City requests approval of the draft Transportation and Trails Master Plan, as recommended by the Transportation Advisory Commission.

## **BACKGROUND:**

See attached for the draft Transportation and Trails Master Plan. The Transportation Advisory Commission was specially formed by the City Council a little over 1 year ago to recommend revisions to the City's Transportation Plan. The draft included in this report is the plan recommended by the Transportation Advisory Commission. At the March 11, 2010 Planning Commission meeting, Staff presented this item to the Planning Commission for the first time, and requested continuance of the item to the March 25, 2010 Planning Commission meeting, in order to give the Planning Commission additional time to examine the draft plan. At the meeting, the Planning Commission also suggested additional publicity for the proposed plan, including additional information on the main page of the City website, displays at the City Center, and publication in the City newsletter. Staff has done the requested publicity, but the newsletter will not be mailed out until the first week of April. Staff would like to give a detailed presentation at the March 25, 2010 Planning Commission and have a discussion with the Planning Commission that night regarding the proposed plan.

## **STAFF RECOMMENDATION:**

Staff recommends continuance of this item to the April 22, 2010 meeting in order to allow more time for publicity of the proposed plan.
